

Design & Animation 11/12 – WLSS – Mr. Hauk

Flash: Project 3 – Song Animation

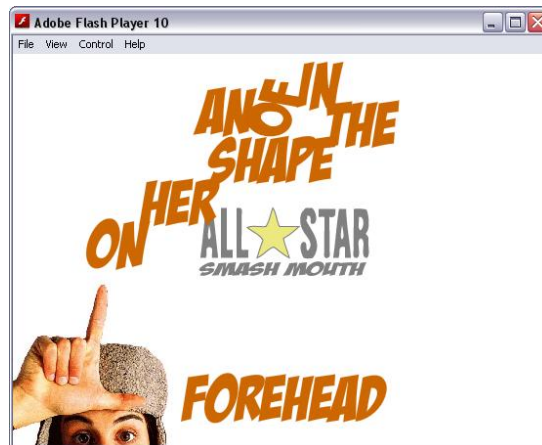

Instructions:

Your task is to create a flash animation using text/images to match 30 seconds of a song.

1. Open a new Flash File
2. Import the song you would like to use (.mp3 or .wav) to your library.
3. Create a new layer and choose sound in the property inspector (choose Sync: Stream).
4. Click on frame 360 in your audio layer and hit F5.
5. Create a new layer or layers to animate text to represent the lyrics (include images as well).
6. Animate your text/images using position, scale, rotation, colour, and/or alpha (30 seconds or 360 frames at 12 fps).
7. Please be sure to sync your text/image animations with the music & lyrics of the song.
8. You can create new scenes (ex. Scene 1, Scene 2 etc..) to help organize your animation.

See the example in the Project 5 Folder (Smash Mouth – All Star)

You will be marked according to the following criteria (10 marks):

Project 5 – Song Animation	Max Score	Your Score
Animation is 30 seconds in length (360 frames at 12 fps)	3
